

Theme	The Jubilee – Year of the Lord’s Favour
Topic	BBTC DNA
Speaker	SP Daniel Foo
Date	2 nd November 2014

Message Summary

Spiritual Objective: Developing BBTC’s DNA

What is DNA?

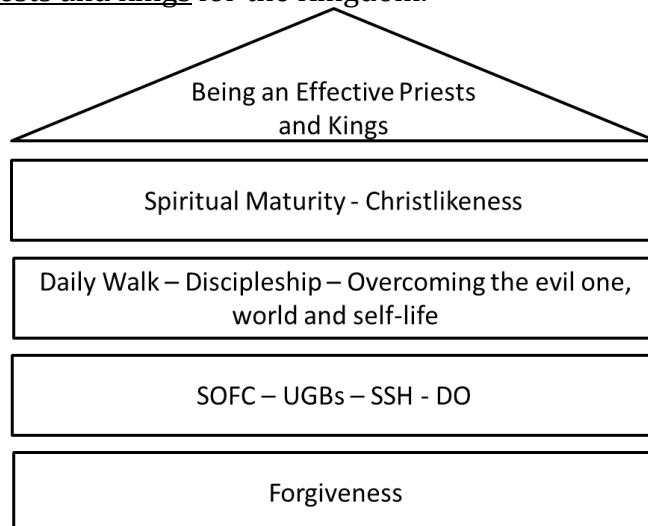

DNA is a type of chemical in the cell of a body that contains all genetic information about the person. This information determines the uniqueness of each cell and in turn, the uniqueness of the person. Similarly, there are DNA or characteristics that are unique to BBTC.

Expressions of DNA of BBTC

BBTC DNA is expressed in the following:

- 1) BBTC Mission Statement – To Share Christ as We Mature in Him
BBTC is an Intentional Disciple Making Church (IDMC). It aims to build depth (maturing in Him) and to extend breadth (sharing Christ).

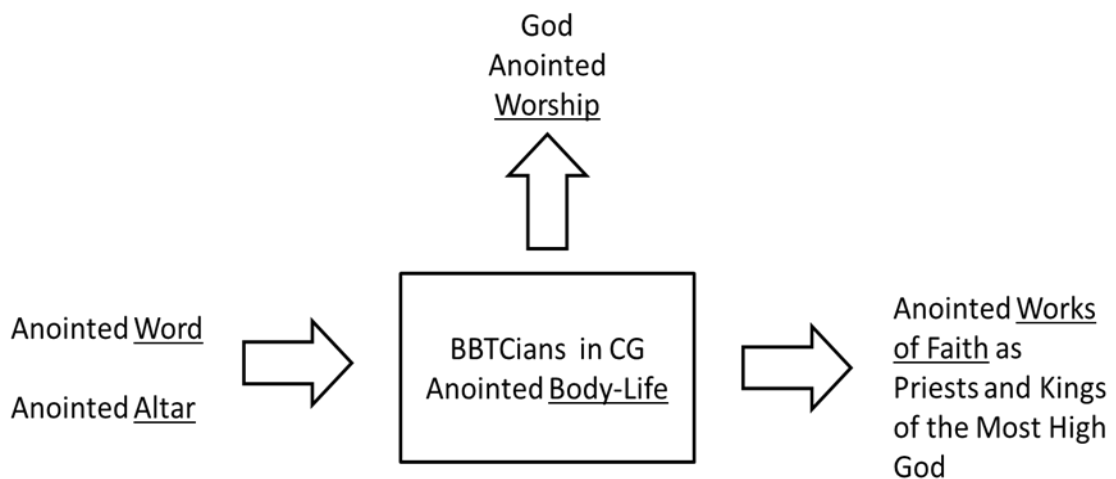

- 2) BBTC Disciple’s Journey
Every disciple should experience Forgiveness; forgiving others and also forgiving ourselves. Forgiveness is the foundation for every disciple to walk in freedom and victory from the 4 main problem areas in life namely Generational Iniquities, Ungodly Beliefs, Soul-Spirit Hurts and Demonic Oppressions. Discipleship requires hard work. It requires the daily effort to overcome the evil one, the world and the self-life. As every disciple matures spiritually, they are to be transformed to be more like Christ. At the end of the discipleship process, every disciple should be equipped to be effective priests and kings for the Kingdom.

3) BBTC IDMC Framework

To prepare every BBTCian to be a disciple, there is a need for edification and equipping. This can be done through programme (equipping tracks) and people (being part of a Church in Action Group (CG)). The desired outputs will be that every BBTCian serves in their own capacity and calling, evangelise, disciple another and go for missions.

4) In BBTC, we focus on five key areas (as underlined):

5) Faith@Home

Parents are responsible for the spiritual growth and health of their children. The church acts as a partner in helping parents fulfil this role. BBTC will be rolling out some changes and equipping programmes in the future to help families to build faith in their homes.

6) Body-Life Core Values

BBTC prides itself for having core values based on Biblical principles expressed in “easy to remember and apply” forms. Some examples include love for one another, to be blessings to the community, an emphasis on building strong marriages, no offences, Accountability and Covering (A&C) and many more.

Conclusion

Genesis 11:6 mentions that as people speak the same language, then nothing that they plan to do will be impossible. In the same way, BBTCians speaking the same language or having the same DNA so to speak will be able to achieve greater things and even the impossible for the Kingdom of God.

Questions

What are some of your fondest memories in BBTC?

(Fill In Answer Here)

Part of BBTC's DNA is having a set of core-values to live by. What is one core value in BBTC that resonates the most to you? Share one experience.

(Fill In Answer Here)

According to Acts 17:24-27, God is the one who places us here together in this local church. Do you see that you have a part to play in building up part of God's kingdom here in BBTC? How do you think you can contribute?
