A brother came into BHZ seeking prayer for his cancer situation. The doctor mentioned that his situation is that of a "time bomb", where it will get critical in the next 3 years. He is currently praying that by the next CT scan, the spread of cancer cells will cease.

As our ministers prayed for him, he felt a sense of relief run through his body. He too heard the Lord speak to him saying, "Do not worry, for I (the Lord) will take care of you."

The Lord is our comforter in times of distress.

2 Corinthians 1:3 - Praise be to the God and Father of our Lord Jesus Christ, the Father of compassion and the God of all comfort, who comforts us in all our troubles.

TESTIMONY BY LEE HUI SEONG

On 22 July, at the data centre where I work, I heard the fire alarm ring continuously. For a moment, I wasn't sure if it was a drill or test. But the Holy Spirit prompted me to leave immediately.

As I headed for the exit door, the air-conditioning became exceptionally silent. I sensed that something was amiss.

Once the exit door closed, I heard a loud bang. There had been an explosion.

Praise God for His protection and mercy for this near-death experience. If I had ignored the prompting of the Holy Spirit, I would have been trapped inside without anyone realising.

All glory and honour to Him!
